NORCAL SECOND GROWTH DOES IT AGAIN!

Our second annual NorCal sporting clay event was held Friday November 3rd at Birds Landing Shooting Sports, one of the premier sporting clay courses in the state. GOVERNMENT ACTION COMMITTEE REPORT

Corporate Transparency Act Regulations Take Effect on January 1, 2024

On January 1, 2024, new federal regulations went into effect requiring LBM dealers with less than 20 full time employees to report information about their beneficial owners, i.e., the individuals who ultimately own or control the company, to the Financial Crimes Enforcement Network (FinCEN), a bureau of the U.S. Department of the Treasury. FinCEN released a video providing a short introduction to the beneficial ownership information reporting requirements that can be found here, along with a more detailed video about the new requirements that can be found here. Visit <http://www.fincen.gov/boi> for more information, including additional guidance materials and a Frequently Asked Questions (FAQ) page.

Senate Finance Chairman Introduces Workforce Housing Tax Credit (WHTC) Bill

Senate Finance Committee Chair Ron Wyden recently introduced the Workforce Housing Tax Credit (WHTC) Act to increase the supply of affordable housing for middle-income families who earn too much to qualify for low-income affordable housing and not enough to afford housing near where they work. The Workforce Housing Tax Credit Act would help to close this gap by establishing the first-ever middle-income housing tax credit, which is estimated to finance approximately 344,000 affordable rental homes. The legislation also provides flexibility so that states can maximize their resources and best meet community housing needs by allowing housing finance agencies to transfer their middle-income allocation to their Low-Income Housing Tax Credit (LIHTC) allocation at any time. It also allows buildings to combine the two credits to help make more low-income housing projects financially feasible.

OSHA's 2024 Outreach Initiatives

OSHA recently released its outreach initiatives for 2024 that includes a summary of key national initiatives, a listing of priority industries and topics, and a calendar of key dates for 2024.
